

GLOBAL QUARTERLY REPORT

4th QUARTER 2021

LETTER FROM THE PRESIDENT

1 Corinthians 9:24 says, "Do you not know that those who run in a race all run, but only one receives the prize? Run in such a way that you may win!"

The Apostle Paul, in his metaphor of a "race," declares that all of us as participants should be "in it to win it!" Jesus gave us a "Great Commission framework" for this task when He said, "Go therefore (Mt. 28:19) into all the world (Mk. 16:15) and make disciples...teaching them to obey" (Mt. 28:19-20).

Winning takes focused attention and perseverance. The fourth-quarter 2021 report, with its summary of all 2021 and a look at our history from March 2005, is a dramatic illustration of how God is helping a myriad of faithful disciple makers around the world to bring the Kingdom of God

into communities of need, despite incredible barriers.

Their steadfast endurance and "life-on-the-line" commitment is an inspiration to us all to run our race with the same dedication to win.

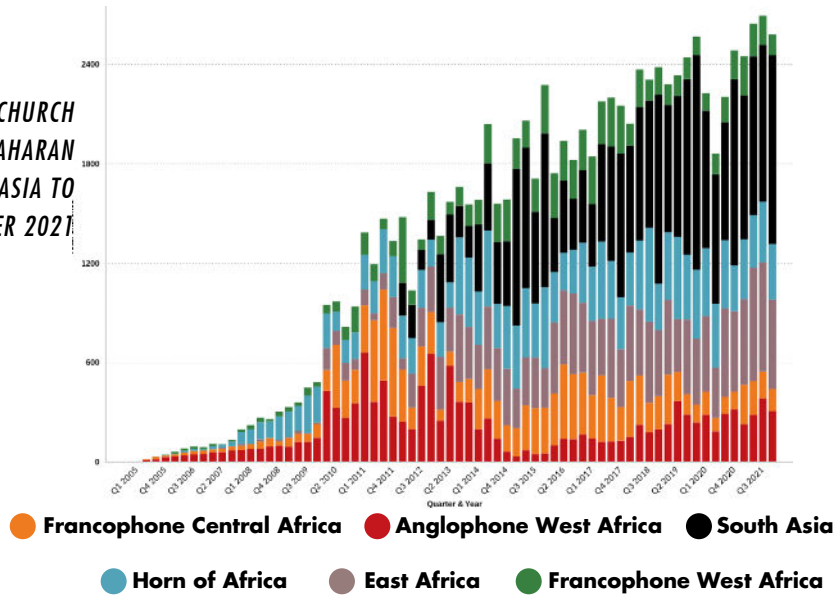

Praise God for the work He is doing through ordinary people who are choosing to obey and getting their friends and family to do the same. Let's do the same.

Blessings,

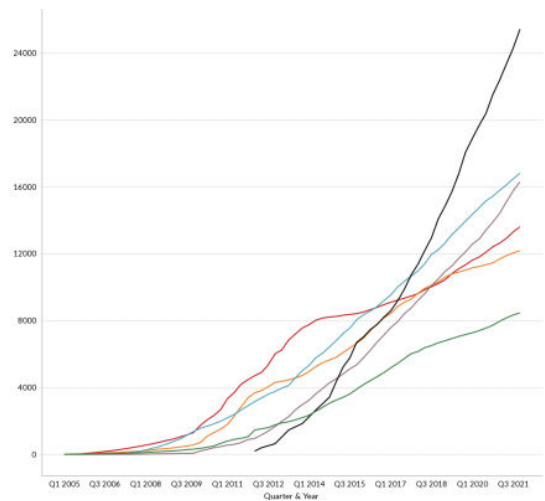

Harry Brown

EXECUTIVE SUMMARY

We are grateful to the Lord for His faithfulness over nearly 17 years of Disciple Making Movement (DMM) church planting.

We also recognize the contributions of the faithful church planters who engage with people who are sometimes welcoming, sometimes hostile, and many of whom have never heard the Gospel.

4th Quarter 2021 Outcomes: Our teams in Sub-Saharan Africa and South Asia count 34,480 new Christ followers in 2,579 churches, with 476 churches arising among Muslim peoples.

QUALIFIED TO SHARE // FRANCOPHONE CENTRAL AFRICA

Amid instability and resistance to the Gospel, God is sparking growth in His Kingdom. We're finding people often deemed ill-equipped or unable to carry the work of the Gospel forward are now strong ambassadors of God's Word, setting a new tone for disciple making.

The Ending Scripture Poverty Initiative has taken root in Francophone Central Africa, with eight people groups feasting on God's Word in ways they have never before had the opportunity. This innovative project, with Audio Scripture Sets & Songs, provides opportunities for illiterate followers of Jesus to deeply invest in disciple making. With oral-preferred people groups no longer hindered by the limited effects of the written Word, these audio formats are sending the nourishment of God's Word into new people groups, some previously resistant to the Gospel.

We are encouraged by our friend, Muhsin, who is a young man from a tribe in Cameroon. He lives in a region known as

a "red zone," where terrorism and violence are the norm, so much so that most traditional pastors have fled due to the dangerous conditions. And yet, Muhsin remains. His illiteracy contributed to his feeling of inadequacy as a disciple maker.

But it is Jesus who qualifies people as disciple makers and empowers them to share. Before being invited into the ESP300 project, Muhsin's ministry was beginning to feel stagnant, with few people interested and participating. But after being trained in the audio technology and recording the Creation to Christ chapters of the Bible, Muhsin has been able to thrive in this new opportunity for spreading the Good News.

Upon returning home from this training with the SD cards in hand, he started four new Discovery Groups that now total 74 people actively participating in the Discovery process! Glory to God!

God brings light to the darkness. God uses the ordinary—those we may think of as "unfit" or "underprepared"—to be His instruments of Truth. God makes a way. And we are witnessing life transformation in His wake.

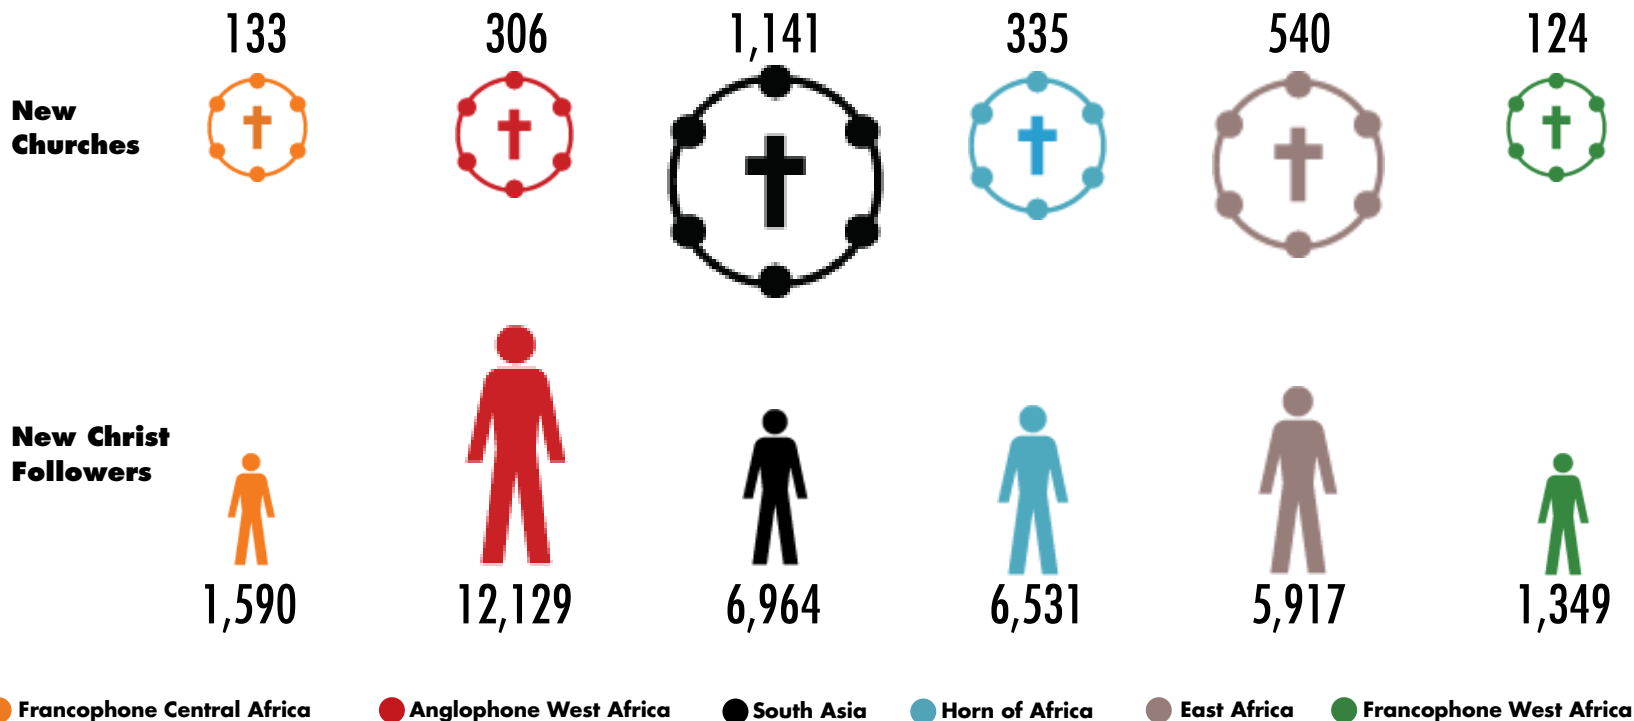

WE'RE INVESTING IN INNOVATIVE WAYS TO END SCRIPTURE POVERTY

Join us in our Ending Scripture Poverty initiative where we're making the Gospel available to hundreds of oral languages through Audio Scripture Sets & Songs.
