

# CELEBRATING FOUR YEARS OF GLOBAL IMPACT

## LETTER FROM THE PRESIDENT

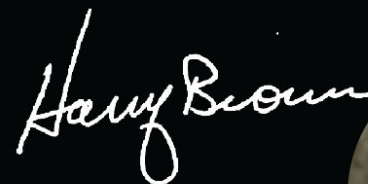

In the four years since New Generations moved from being the international church planting division of a much larger organization, God has done more than we could have ever imagined!

Anniversaries are a time to reflect on the good things of the past. In this report, you will see just a few of the many testaments to the greatness of God that we are celebrating.

But anniversaries are also about the promise of the future. We believe that what God has done so far is just the 'down payment' on what He plans in the days ahead. We are firmly convinced that the best is yet to come!

As we celebrate the past and dream into the future, we are well aware that we stand on the shoulders of men and women who prayed, cried, bled, and died to make these things possible. To them we say, "thank you" and to God be the glory!

Privileged to partner with you,

Harry Brown  
President  
New Generations

## EXECUTIVE SUMMARY

New Generations was launched as a distinct 501(c)3 organization in July of 2018, but the primary leadership of our team has been committed to Disciple Making Movements (DMM) for 17 years.

The story of God's glory is since March 2005, the Lord has used the DMM\* process to catalyze 95,891 new churches, with 2,097,059 new Christ followers.

In the summer of 2018, our team launched a new organization focused on Disciple Making Movements. Since that time we have seen God raise up 38,811 new churches encompassing 658,429 new Christ followers.

\*We define a Disciple Making Movement (DMM) as at least 100 new churches that have multiplied to the fourth generation or beyond.

## A FEW STORIES OF TRANSFORMATION OVER THE FIRST QUARTER OF 2022

### THE JOY OF PLANTING A CHURCH

My name is Aaron Danah\*. I am a church planter. I never knew I could have this joy in my new life in Christ Jesus until I gave myself for the work of God. The testimonies of souls being saved and lives being transformed gives me joy.

Sorawa\* is a community named after the great-grandfather who established the community. He was well known for polygamy (many wives) with many children. The community is over 500 inhabitants with 84% grandchildren and great-grandchildren of Pa Sorawa. All are Muslims except for one Madam Kalimo\* and her three children. They became my 'person of peace' who wanted to bring a church in this community of Muslims.

We started our home fellowship and prayer using Discovery Bible Study. Some people honored our invitation to the fellowship, but they did so in hiding for the fear of what others will say about them. Two months ago, as we approached the month of Ramadan (Muslim fast month), we bought two 50 kg bags of sugar and offered it to the town chief for the community.

This little act of kindness opened a door of acceptance, so they offered us a piece

of land to build a place of worship. In addition, they helped us with free labor to put up a temporary church structure. The elders permitted their children and youths to come to our meetings. As a result, there came a breakthrough for the fellowship. The Chief said, henceforth, anyone who wishes to join the Christians is free to do so. To God be all the glory. Sorawa community now has a church!

### COMPASSION LEADS TO DBS

By the grace of God, we were able to construct or rehabilitate 29 water wells and 175 latrines for 14 communities in the south of Sierra Leone. This opened the door for us to begin Discovery Bible Studies. In one community, the town chief and some of his elders became followers of Jesus through a Discovery Bible Study. This led to the baptism of 70 men and women!

The baptism and the testimonies of the new believers served as a witness in the community which created a holy discontent in the hearts of some Muslims. They went to their Imam (local leader in the Mosque) and demanded to become followers of Jesus.

The Imam, after several consultations, accepted the demands of the families, and he grudgingly took the families that wanted to leave the mosque and presented them to the leader of the

Church. This amazing event brought great joy and gladness as the church received the new believers. These Jesus followers have been baptized and are now being disciplined to the glory of God.

### HARD GROUND YIELDING A HARVEST

Out of conflict and persecution, a particular blessing is the advance of the Kingdom in a very resistant Muslim people group. Many churches and missions have tried to win these people but with small success. There are only .05% Evangelical Christians among them.

But God is giving victory! From our start in 2015 up until now we have seen a Disciple Making Movement (DMM) of 692 churches that have multiplied to 15 generations. This is the mighty hand of Jesus Christ at work. DMM training, coaching and mentoring have played a vital role in this achievement. Many indigenous church planters both men and women have been trained.

For instance, God used a 60-year-old woman. Through her testimony in the last few months, she brought more than 30 Muslims to faith in Jesus. To God be the glory!
